Butternuts Beer & Ale Established in 2005, Butternuts Beer & Ale is located on a 120 acre farm. The brewery is located in the old dairy barn and some of the seasonal beers are made using hops and wheat grown here in our own fields. The water is taken from our own springs and lends to the signature flavors of our beers. Our year round line up of Pale Ale, Wheat, Stout and IPA is sure to please any palate. Stop by and pick up a can or a jug of beer and soak in the country setting. There is always something new brewing so come by often!
